

Degree Category

**MASTER OF SCIENCE: QUALITY MANAGEMENT**

Degree Description	This degree demonstrates the student's proficiency in the skills necessary to successfully lead a team relating to continuous improvement efforts and contribute to the overall success and to teach those skills to others.		
Prerequisites	Successfully completed and obtained the UQMI Bachelor of Science Degree (Level II Courses).		
Degree Requirements	<p>The completion of the Master of Science: Quality Management degree is a culmination of all projects found in the Level III courses. In order to qualify for the Master of Science Degree, the student must have satisfactorily completed all Level III courses and exams. In addition, two electives must be included. These must include Safety and Tech Report Writing. If these electives have been successfully completed in the past, then two other electives may be substituted.</p> <p>To complete the degree requirements, students must submit an overall summary of their findings, based upon their project work obtained during the certification phase of Level III, in the proper writing style. The minimum number of pages generally accepted for this project will be 75 pages. This project will be reviewed by a member of the faculty for proper format and content.</p>		
Degree Costs	\$3,270
